I don't know why you hide in the front office like a scared bunny.
Because the main studio is where-
Whoops! :GIGGLE: sorry guys.
:UH: No problem, Just :AH: lock the door, would ya?
THERE is why I stay out of the main studio areas!
Are the shooting a film in there?
No, that's the break room. Rod and Sheila are just blowing off some steam.
Does that ever happen in the front break room?
Sometimes - why?
Eww! I eat lunch in there!
We DO clean the rooms, y'know!

I guess I don't get it. Those two fool around all the time for movies and such, so why do they do it on their own time too?
You're right. You don't get it.
You've never done it, so you wouldn't know. Having sex on-screen really isn't much fun. It's work. There's no joy or intimacy when five crewmen are telling you to move so the camera can see better.
Sometimes the actors need to work off the tension of the workday, and enjoy themselves the way they wouldn't during a shoot.
I think I understand.
But if it's that way, why do you tease me about making me an actor?
Profit's profit, honey.
JOE W.S

I like to think of the people at the studio as a family.
A pretty dysfunctional family if you ask me.
...heh... I suppose.
My point is, just about everyone here are friends or couples. You know they like and care about each other. You can see it on the screen.
I thought you said there was no real intimacy.
Not like in private, sure, but close actors work together well, and give their best performances for the camera.
I encourage everyone to be happy and be themselves so they can enjoy their work and do an award-winning job for the studio.
If that means catching a quickie in the break room, or me kidding that I want to mess around with you, then so be it.
You don't seem to really want me to be myself.
I want you to HAVE fun, not avoid it.

Whoa! We've been talking for a long time!
Yeah, talking about PORN! HA HA!
I guess there's a lot I didn't know, not that I really wanted to know.
I just thought you'd like to know something about why it's the way it is around here - it helps make better movies.
You have a DVD player?
Not yet.
Well, take this tape then. Its one of the better ones. You can see for yourself.
I'm not watching an adult tape.
You sure? It's one of our arty "couples videos" You and your boyfriend could enjoy it together.
You gotta be kidding!
Aw c'mon! YOU did the graphic design for the cover.

Sabrina! We haven't chatted in a long time!
I know! It seems like years. ;3 How have you been Carli?
Doing well, Spike and I are considering maybe having a child. We just need to find out if I can handle a baby without popping like something from 'Alien'.

Amy!
Hmmm?
©EWS
Your – SON just chewed up another one of my toys.
Sorry Sabrina, He's been chewing on everything since his teeth came in.
You'll just have to keep your things out of his reach.
It just bugs me that I never needed to worry about this stuff before.
Well, a grown woman with children's toys around little kids should expect this sort of thing.
Oh, don't start!

The others asked me to talk with you about-
Timmy, right? I'll try to better protect you from him in the future.
Thanks, but we've come to expect that from small children.
What then?
Please - don't take us to your workplace. You don't know what your employer does with us when you're away.
Ugh! I'm sorry you guys. I hope she wasn't too rough on you.
Well, the bullet trains didn't really mind.
YOU LIKED THE STORY WHEN I TOLD IT TO YOU!

Sorry about that. :) So, would you like to get together again?
Sure, what are you doing this weekend?
Nothing I can't put off.
Why don't you drop by then, we can do a little general running around, catch some dinner.
Sounds good to me.
Maybe we can avoid the mugging and the skunk spray this time.
Gee, where's the fun in that? :3

Anyway, I wanted to tell you I've found someone very nice, so I won't bug you any more.
Uhh... OK.
Thanks for listening. I wish you happiness, and sorry if I've been a pain.
— bye.
What was that about?
I'm not even sure **who** it was about!

It's very simple. You toss the old diaper, and use some of these wipes to clean up the baby.
Be careful to dodge anything disgusting. Put on the new diaper, peel the tabs...
...and we're done! That wasn't so bad, right?
I know I'll be able to handle it all real soon.
Of course dear.
